PROFILE

Over the last seven years I have specialized in luxury hotel, yachts and residential interior design. As an experienced interior designer I am confident working on all phases of the design process. I am an ambitious, visionary individual who is willing to learn, loves collaborating and being an active part of a team, but also happy to work independently.

KEY SKILLS

- Client Communication at all stages of the design process, from initial brief through to handover
- Design Development – from concept through to completion
- Visualisation at various project stages, including sketching and computer images.
- Specifying and sourcing FF&E
- Comfortable working to tight deadlines
