

Ulysses Teixeira

Brazilian Artist.

Drawer, Painter, Muralist and Poetry from União da Vitória, State of Paraná. With artistic creations in Brazil, Germany, Holland and wall paintings in União da Vitória. He has taken part in many different exhibits and Official Galleries, winning prizes with paintings and drawings.

I'm a teacher, poet and painter,
graduated from the Escola de Musica e Belas Artes do Paraná (EMBAP), Brazil.

I was born in União da Vitória in the state of Paraná, a city that borders on another call Porto União both embraced by a beautiful river called Iguaçu.

I always thought of art!

As a boy, delighted me with the river, with its reflections ... landscapes with those of an intense green hills in the clippings on the turquoise sky. I never forgot the reds and blues, greens and yellows and texture of those waters.

The design has always fascinated me! I've always been passionate about the lines.

I love painting portraits, flowers, still lifes and animals.

Participated in numerous shows and exhibitions.

In 1990 he won a national award in my country.
This was the fuel I needed to work harder and look
in my art, a higher degree of excellence.

2011 was a great year for me. I won an international award in the “ Netherlands by Five Golden Stars International Art Gallery The Netherlands “.
A dream!

Today, When people ask me about my art, I say:

Discovering the lines, I became a lover of the colors .

My vision of the art is a perfect art...a perfect harmony between the draw and colors.
I admire the old masters and his marvelous paintings.
So I try to do my work inspired in all of them.
