BIO

Biography

Tony Luza is an accomplished multidisciplinary artist and Graphic designer from Johannesburg, South Africa. Tony's art used many types of media, including hand drawing, painting, printmaking and music. He was also a pioneer in computer-generated art using computer parts. His highly imaginative, fantasy-inspired works use layers of metaphor and story to stimulate curiosity, provoke thought and encourage further inspection. A Musical, rhythmic synthesis of drawing, painting, collage and assemblage, Tony's visually tactile, mixed-media work is composed to collectively create a new reality with a more expressive, representative arrangement.

Born in Democratic Republic of Congo, Tony Luza received his formal art training in his native homeland Kinshasa. A graduate from Graduated with a Bachelor of Fine Arts from the Kinshasa Institute of Fine Art (Academy des Beaux-Arts de Kinshasa). Tony's artistic piece has been exhibited both nationally and internationally in Hotels, industry organizations, Art of Fine Living Art Exhibition at Waterfall Valley Estate and including group shows with the Society of Artist under the sun. His work has been featured in numerous newspapers. Although Tony is most known for his paintings, his graphic design work is showcased at his company which works in partnership with his wife at flash design.
